## Purpose of Prehearing Conference

The Prehearing Conference is a public forum where the Committee will assess the parties' readiness for an evidentiary hearing, identify areas of agreement or dispute, and discuss the remaining schedule and procedures necessary to conclude the certification process. (Cal. Code Regs., tit. 20, § 1718.5.)

At the Prehearing Conference, all parties (Staff, Applicant, and Intervenor) shall present their respective positions regarding: the substantive topic areas ready for evidentiary hearing; those topics that require further analysis, including the nature of, and time frame for, any such analysis; the topic areas that have been resolved; and the topic areas that are disputed and require adjudication. The parties shall also identify proposed witnesses, as well as the time required for direct testimony and/or cross-examination.

Local, state, and federal governmental agencies may participate at the Prehearing Conferences and Evidentiary Hearing, as necessary. (Cal. Code Regs., tit. 20, § 1714.5.) Elected officials and members of the public may present public comments at these events and/or submit written comments to the Energy Commission's Docket Unit. Please include "Docket No. 07-AFC-6" on any written comments.

## Prehearing Conference Statements

To facilitate the process, each party shall serve and file a **Prehearing Conference Statement** containing all of the information described below, which shall be received by mail or email by the other parties and the Commission's Docket Unit by **4 p.m. on January 14, 2010**. The parties shall submit a WORD version of their statements to the Hearing Officer via email.

Each statement shall specify:

1. The topic areas that are complete and ready to proceed to evidentiary hearing;
2. The topic areas that are not complete and not yet ready to proceed to evidentiary hearing, and the reasons therefor;
3. The topic areas that remain disputed and require adjudication, and the precise nature of the dispute for each topic;
4. The identity of each witness sponsored by each party (**note:** expert witnesses must have professional expertise in the scope of their testimony); the topic area(s) which each witness will present; a brief summary of the testimony to be offered by each witness; qualifications of each witness; and the time required to present direct testimony by each witness;

5. The identities of the witnesses, if any, that the party desires to have testify via telephone;
6. Topic areas upon which a party desires to cross-examine witnesses, a summary of the scope of such cross-examination, and the time desired for such cross-examination;
7. A list identifying exhibits and declarations that each party intends to offer into evidence and the technical topics to which they apply (**see** following section on format);
8. Proposals for briefing deadlines, vacation schedules, and other scheduling matters; and
9. A description of any modifications to the Conditions of Certification listed in the Final Staff Assessment that the party intends to propose.

### **Format for Presenting Evidence**

The parties shall provide written testimonial and documentary evidence in two formats.

This compilation shall include all opening and rebuttal testimony filed by the party and shall be provided to the Hearing Officer **no later than January 21, 2010**.

### **Petitions to Intervene to Become a Formal Party**

The Energy Commission's Decision on the Carlsbad Energy Center Project (CECP) will be based on the official evidentiary record developed at the Evidentiary Hearing. Only formal parties (Applicant, Staff, and Intervenors) may present evidence and cross-examine witnesses at the Evidentiary Hearing. Public comment may not, by itself, support a finding or conclusion in the Decision but it can supplement formal written or oral testimony.

Anyone with an appropriate interest in the CECP may file a Petition to Intervene and become a formal party. At the Evidentiary Hearing, a formal party may offer testimony and documentary evidence, receive documents filed by other parties, and cross-examine witnesses. However, a formal party must also comply with Committee orders, procedures, and filing requirements, and is subject to discovery and having its own witnesses cross-examined by other parties.

The deadline to file a Petition to Intervene in this case is **5 p.m., Monday, January 4, 2010**. Petitions filed after that date and time extensions for new Intervenors to review case materials will be granted only upon a showing of extraordinary good cause. Intervenors will take the case as they find it at the time intervention is granted. For example, if the deadline for filing opening testimony has passed, the newly approved Intervenor will not be allowed to file opening testimony. Persons interested in obtaining intervenor status are therefore encouraged to file their petitions as soon as possible.
